AIR FORCE MANAGEMENT HEADQUARTERS AND HEADQUARTERS SUPPORT ACTIVITIES

[illegible]

1/ Air Force workyear management headquarters levels contained in OSD(P&R) memorandum, 19 August 1996, subject: DoD Force Management Guidance. End strength programmed for FY97-FY99 reflect the Air Force Management Headquarters Program as planned at this time. Air Force leadership has imposed a no overall growth policy on internal activities. However, unless external activities (international military organizations and unified commands) develop and implement a plan to control their management headquarters staffs by ramping down as other DoD activities or request OSD/Congress to exempt them from end strength ceiling constraints, Air Force may be forced to increase current programmed end strength levels to support new or increased Joint workloads/requirements.

Justification

Air Force bands provide military and patriotic music for official military, White House, Congressional and State Department activities such as ceremonies, formations and parades. In addition, they are an essential element in maintaining troop morale, retention and recruiting, and play a key role in fostering excellent relations with the many communities that interact with Air Force units. Air Force bands keep alive and enrich American musical heritage while projecting the Air Force image.

The FY 1997 to FY 1998 program growth is due to increased transportation requirements for customer-funded special assignment airlift hours for group travel. Requirements include commercial contracting of air and ground transportation made necessary by limited range and use of government transportation.

The increase between FY 1998 and FY 1999 covers increased travel costs and new band equipment.
